

# TERRY'S COMICS

Welcome to Catalog number fourteen. Thank you to everyone who ordered from one or more of our previous catalogs and especially those of you who started with my CBG ads. Special thanks for those who keep ordering all year long. Please be patient when you call if I am not here, I promise to get back to you as soon as possible. Jason has been helping with orders and we should be able to process them faster. This catalog has been scaled down a little to expedite printing. I left out all comics that were stickered below \$9. They will be available on the searchable web-site [www.NationwideKomics.com](http://www.NationwideKomics.com) or the regular web-site [www.terryscomics.com](http://www.terryscomics.com). This catalog still has more than forty thousand items and will not expire until next year (2012).

Despite the continued bad economy for the past three years, we still had good sales. We have been doing many more shows and buying many more collections. Comics are good investments as well as great entertainment and we suspect many people that still have money are putting some of it into tangible assets such as comics. We even purchased two original owner mostly Marvel comic collections last year, most are in high grade, especially the Bronze age. We continue to look for early Silver age keys as we sell them almost as soon as we get them. We have purchased quite a few Golden age Super-hero comics in many grades. This catalog continues to be created in two versions: the traditional paper version and an e-catalog that is downloaded from our web-site in PDF format. This is the fastest and most affordable form of catalog distribution. If you have computer access, please request the e-catalog. It can be opened with Adobe Acrobat, (get the free download at <http://www.adobe.com/products/acrobat>). The PDF catalog can print any page you want, find things much faster, zoom in for easy reading, and has color scans. I will continue to produce a paper version of the catalog for those of you that do not have e-mail or computers. *I request that you let me know that you want to continue to receive the paper catalog, even if you do not place an order. If you do not let me know you want future catalogs, then I may not send them.* My website currently has what is left from Catalog #13. Check it out at [www.terryscomics.com](http://www.terryscomics.com). My current e-mail address is [info@terrysterryscomics.com](mailto:info@terrysterryscomics.com).

My nephew Jason has been helping me with orders and at shows. He will be able to take orders when I am on the road, but keep in mind that my inventory will be split. I travel to the East Coast and Midwest often, as you can tell by my convention schedule, so if you are looking to sell, don't assume I am too far to make you an offer.

Pricing for the catalog was done primarily from the 2010 Overstreet Price guide, which is consistent at reflecting market prices on most vintage material. Some prices are based on market changes that have occurred since the OPG has come out, and may be higher. Other prices are based on scarcity or desirability, which the OPG does not take into account. Included in this catalog are some CGC books that are priced higher than un-slabbed books of equal grade to reflect the extra time and expense, as well as the risk, to have them third-party graded.

My fourth Comic Convention in Orange county CA was again successful according to everyone that exhibited and attended. My next show will be on 30 January 2011, but this catalog may get out after that date, depending on my printers turnaround. If all goes well, look for these shows to continue. I will be mailing notice postcards to all local customers on my mailing list. There will be some great CGC slabbed comics, fantastic artwork available for raffle, and a great selection of vintage comics by many dealers not usually exhibiting in this area. The show will have free parking and great guest artists. I will have 33 or more exhibitors at this show selling comic books, with an emphasis on vintage material.
